

COST ESTIMATING BODY OF KNOWLEDGE

CEBoK®, ICEAA’s official training and reference material, covers a wide range of diverse topics, including an overview of cost estimating and analysis techniques, data collection and normalization, cost and schedule risk analysis, inflation, probability and statistics, and software cost estimating.

Individual License (ICEAA member rate): **\$235** Individual License (non-member rate): **\$335**
prices include shipping charges

Groups ordering between 6 and 9 CEBoK® licenses will be granted a bulk discount of \$195 per license (price includes shipping).

For orders of 10 or more licenses, groups may enter into a Defined Quantity License agreement with ICEAA for \$100 per license.

Terms of Use: An individual license for CEBoK® is issued to a named individual only for that individual’s personal use. Licensee agrees to neither copy or otherwise share CEBoK® files to unlicensed users. License is for current release of CEBoK® and entitles licensee to maintenance releases at no charge. Maintenance releases will be indicated with the same version number but different secondary number (e.g., “version 1.x”). This license does not entitle the licensee to future version releases (e.g., “version 2.1”).

Instructional License: Any organization or individual planning to use CEBoK® material for revenue-based training is required to sign a Memorandum of Understanding with ICEAA that outlines their responsibilities to ICEAA. For further information on in-house training options, contact the ICEAA International Office, at 703-642-3090 or iceaa@iceaaonline.org.
