

Future Research

- Using Function Points methodologies for Effort Estimation
 - Continue comparing estimation effectiveness across larger, varied datasets
- Objective Function Points methodology
 - Continue calibrating the method with larger and varied software products (currently working with NGA)
 - Come up with general conversions from OFPs to FPs

Acknowledgments

Portions of this work were funded by the Air Force Space and Missile Systems Center (SMC), contract FA8802-16-F-0002, and the Office of the Director of National Intelligence (ODNI) RC&E, through the CARRS contract. The authors thank Ms Adriana Contreras, Mr. Raj Palejwala, Mr. Jim Fiume, and Ms Michal Bohn for their support of this effort.
